Selectmen's Meeting

HARBOR BEACH PLAN ORDERED

Selectmen directed that owner John Stavros, 8 Chesterfield Road, Worcester, of the burned Harbor Beach Club comply with the conditions of their order which was made following a July 15, 1981 hearing. The latest hearing, May 10, 1983, was called when Selectmen received a written allegation that the fire destroyed club constituted a safety hazard as well as an eyesore.

Selectman James Huntoon told Mr. Stavros that the Board of Selectmen is bothered by allegations that the site is dangerous and that conditions agreed in July 1981 have not been complied with. He said that if someone is injured on the Harbor Beach Club property there is no insurance and also that the town has never received a plan by Stavros, as agreed, to outline the owner's intentions for the future of both the building or the property.

Selectman Frank Suzan told Stavros that the Selectmen have an obligation to the public, that the neighbors at Harbor Beach have been very reasonable in waiting for this length of time for some positive action.

Mr. Stavros said that he had complied with the Selectmen's order that the building be exterminated even though no evidence was found that rats were present. He said that the building had been boarded up and inspected by both former Building Inspector Jonathan DePina and present Building Inspector Scott Armbruster.

The Selectmen pointed out that Stavros had agreed in 1981 to remove the fire escape, secure exterior openings and obtain an insurance liability policy in the amount of $200,000 per person and $300,000 per incident in protection against accident on the site and that an August 14, 1981 deadline was made for presenting the town with a plan for the property to indicate its future. Mr. Huntoon pointed out that no insurance and no plan had been received by Selectmen and that the fire escape is still present on the outside of the stonework that remains.

Mr. Stavros said that he had been confined in a hospital for a long period of time and that he has looked at every avenue to find the money to rebuild the club just as it was. High interest rates, he said, had made it impossible and an effort to obtain federal historic site money had been futile. He said that he had even offered it to the residents of Harbor Beach proposing that 88 residents "come up with $188,000 to buy the property as a park".

Gordon Jones, past president of the Harbor Beach Organization, stated that no one to his knowledge had ever approached the organization with this proposition to buy the Harbor Beach site.

Robert Moore, a neighbor, said that the

residents' main objection is that the ruin is a "hell of an eyesore". He said that he did not think that 88 lot owners collectively could raise $188,000 to buy the property. Another neighbor, Charles Homer, said that the Harbor Beach property owners do not wish to own the lot but just want to see it taken care of.

The Selectmen asked that the neighbors voice their feelings about the property. They replied that this is a summer colony with new children coming and going by the week. They said that while their own children have been instructed to stay away, the new children may not be aware of the hazard and could be injured. Mr. Jones said that there is parking and drinking there at

night. He said, "We don't want to see another Ned's Point down there". Another neighbor, Ken Field, agreed. He stated that there is a lot of broken glass from the drinking.

Mr. Stavros replied that the property is private and posted so "why don't the police move the people out?"

The neighbors agreed that the police surveillance is regular and good.

Mr. Suzan said that it seemed to him that the situation boiled down to two main things. Has the owner complied with the town's conditions? Is the site a hazard? He said that it seemed to him that if the owner did not comply with the town's order, then the remains of the building should be torn down and backfilled.

Mr. Stavros replied that he was originally told that he could subdivide into 3 house lots and if that were the case then he would "tear the building down tomorrow".

The Selectmen summed up the proceedings that there should be an understanding that owner Stavros should obtain an insurance policy within 7 days or if that time span proves impossible should have the insurance agent contact the Selectmen. In addition, Mr. Stavros should submit a plan to the Selectmen within 30 days outlining a comprehensive plan for the future use of the property and that he should remove

the fire escape, secure the doors so that they can't be opened from the inside, and have an engineer verify the structural soundness of the chimney or else knock it down.

Mr. Stavros said, "How do you feel about a 10 unit condominium on the site?" The Selectmen replied that the town zoning forbids such a structure and that, while the town meeting might be petitioned to change the zoning, historically the town meeting has been cool to such multiple living structures.

BEACH PLANS

Town Beach Director Al Boucher conferred with Selectmen on the opening of the beach on June 25th for a 9-week season. The beach would open Saturday, June 25, and close Sunday, August 28. Hours would be 9:30 a.m. to 5:30 p.m. Mr. Boucher said that the evening hours were eliminated last year to save money and that it had little or no effect since so few took advantage of the evening hours. Mr. Boucher said he would like to reappoint 2 lifeguards, Chris Reilly and Greg Lowrey and add two guards who are summer residents, Pamela Pierce and Scott Quinlan. He would recommend reappointment of matron Myrtle Spagnoli, parking lot attendant Beatrice Ingram and Bernice Heuberger to fill in for both.

The Selectmen appointed all of the recommendations.

TOWN HALL RENOVATION

Building Inspector Scott Armbruster conferred briefly with Selectmen on the renovations to Town Hall. He reported that the building materials are obtained and that he is in the process of selecting workmen to start June 1st.

Thank You

I would like to take this opportunity to thank all the Mattapoisett Cancer Crusade canvasers and contributors for their co-operation in the recent house-to-house crusade. The response has been gratifying.

It would be appreciated if anyone who had not turned in their collection kits to the local police station do so as soon as possible so that our final tally may be completed.

Dorothy J. Lewis
Mattapoisett crusade chairman

A THANK YOU

The Mattapoisett Woman's Club would like to thank everyone in the community who supported our Scholarship Fund-Raisers this year, and announce that Eleanor Lind of Peases Point, Mattapoisett won the color television.

Center School

"Caring People Care for Animals" was the theme for National Pet Week this year. On Wednesday, May 4th, and again on May 11th, Center School was fortunate to have Dr. Philip Gaudet of Capeway Veterinary Hospital in Fairhaven speak to the second and third grade children about pets. His main focus was pet care, especially the care needed to prevent serious illnesses. Dr. Gaudet's hands-on approach resulted in warm rapport with the children as well as an awareness of their responsibilities toward animals.

Letter to The Editor

As MEMORIAL DAY approaches, it might be well for us all to remember the Latin motto of the State of Massachusetts - which translated reads: WITH THE SWORD SHE SEEKS PEACE UNDER LIBERTY!

Members of our state and national legislatures (and even our Bishops) should reflect on these words!

ST. LUKE'S HOSPITAL REHABILITATIVE DIRECTOR NAMED TO WHO'S WHO

Director of Rehabilitative Services at St. Luke's Hospital Blanche B. Perry of Mattapoisett has been named to the 1983 edition of Who's Who of American Women. Of 40,000 nominees, only 19,000 are selected annually to join the ranks of such notables as Nancy Reagan, Barbara Walters, and Jacqueline Onassis.

The major criterion for determining who will be included in the book is the extent of a woman's reference value. Such reference interest is judged on either of two factors: (1) the position of responsibility held, or (2) the level of achievement attained by the individual.

Among Blanche Perry's many achievements are a bachelor of science degree in physical therapy from Ithaca College

ORR Math Team

The ORR Math Team completed its competition in the Atlantic-Pacific High School Mathematics League recently with a second place finish in the New England Division. This league is made up of over 450 schools across the United States and Canada and is broken down into regional divisions.

Leading this year's team from ORR were: Arlene Haskell, Diane Cook, Carmen Gracia, Joe LeBlanc and Debbie Brewster. Arlene Haskell was the top scorer and will be attending Rensselaer in the fall. This was the first year ORR has competed in this particular league and according to Mr. Cameron, the advisor, the team did a great job since the type of questions asked were unknown to us.

The Plymouth Bay Girl Scout Council, a United Way agency, held its 22nd annual meeting at the Greater New Bedford Regional Vocational Technical High School recently. Using the theme "A Whale of a Council", some 300 adults recognized eight colleagues by presenting them with the "Outstanding Area Adult Award" which signifies above and beyond the call of duty service to the Girl Scout Movement in southeastern Massachusetts.

Three non-Girl Scouts received the highest award presented to non-Girl Scout individuals or groups - the "Distinguished Friend of Girl Scouting Award". Philip Gaudet, D.V.M., of Mattapoisett was one who received this award. The other two were the New Bedford Standard-Times and the Attleboro Kiwanis Club.

Some 44 donors were also recognized. New Bedford Cadette Girl Scout Troop #1, a continuation of the original Troop #1 formed in New Bedford in 1912, conducted the opening ceremony.

The Lloyd Center

WEEKLY WALK

The Lloyd Center for Environmental Studies, 430 Potomska Road, South Dartmouth, will offer a Weekly Walk on Sunday, May 22nd, at 1:30 p.m. on the subject of Insects.

Carol Entin, Assistant Director at Rhode Island Audubon Society's Caratunk Wildlife Refuge in Seekonk, will lead this walk on the Lloyd Center trails. The group will look for evidence of newly-emerged insects and discuss their behavior and various habitats. In addition, participants will have an opportunity to examine at close-range specimens brought from Caratunk which Carol is raising and tending.

This walk is highly recommended for all people who have an aversion to insects! Carol Entin, an enthusiastic entomolobist, will share her extensive knowledge of these invertebrates, and remind us of their infinite diversity of form and behavior, as well as their vital role in all ecosystems. Bring an insect net if you have one.

Weekly walks at the Lloyd Center are open to the public and are free of charge. Please call the Center at 990-0505 if you are interested in this walk, as group size is limited.

Outstanding Georgina Lips playing the weepy, bewildered, indecisive Veta. Diane Nantais excellent as Myrtle Mae. Dorothy Wilde is first rate in her brief appearance." Tobey Spring Dance

The Tobey Hospital Spring Dance Committee is finalizing plans for the affair to be held at the Maritime Academy in Buzzards Bay on May 27th.

This year it is a repeat performance by popular demand of Dick Pillar and his Polkabration Band from Connecticut. Last year's event was a sellout and a smashing success. The Committee is confident it will repeat again this year with this most popular polka band.

Music will be mixed as it was last year so that everyone may enjoy the evening.

Tickets again this year are six dollars and may be obtained in advance by calling 295-0880, extension 228, or by sending

Israeli Students Visit

Four Israeli students visited the Greater New Bedford area and toured schools throughout the region from Wednesday, April 27th, through Thursday, May 5th, under the sponsorship of the Jewish Federation of Greater New Bedford. The students talked with a variety of New England students about cultural differences between the United States and Israel, their own personal lifestyles as well as their feelings about problems in the Middle East.

Throughout their stay here, they remarked

The four Israeli students stated they were looking forward to it, which amazed many local young people. The Israeli youth also discussed differences in educational requirements. All students in Israel are required to learn English as a second language from 4th grade on through graduation. They must pass an English exam in order to

graduate. They must also take at least two years of another language. They have an average of 4-6 hours of homework per evening.

These students were chosen through an extensive screening process in Israel. The program was sponsored by the Jewish Federation of Greater New Bedford in conjunction with the Israeli Consulate of Boston, through the Foreign Ministry of Israel.

They went to 9 area schools including ORRHS and several luncheons and civic organizations such as the Rotary and Kiwanis Club while they were here. They toured a variety of such historic sights as the Whaling Museum, Battleship Cove, and the Historic District of New Bedford.

For the duration of their stay, each student was placed with a host family and lived with them in the local area.

The students commented before leaving for Washington, D.C. that one thing they would remember most of their stay in Massachusetts was the "tremendous hospitality that everyone had shown" them.

veloped from a small volunteer organization of 100 members to a nationally respected one with a membership of more than 1100. One of WHALE's greatest achievements has been its refusal to displace long-term tenants of the district, working instead to encourage mixed residential, business and tourism use; to support the fishing fleet; and to keep the historic district a vital part of a successful city rather than just a tourist spot or museum village.

Born in New Bedford, and residing there now with his family, John Bullard received his BA from Harvard University and his Masters of Architecture and City Planning from Massachusetts Institute of Technology. He has been the recipient of numerous awards and honors including the "National Trust for Historic Preservation Honor Award (1981)", New Bedford Area Chamber of Commerce Golden Harpoon Award (1980), and he is also listed in WHO'S WHO in the East. Mr. Bullard is also director or trustee of various public and private organizations citywide.

A short business meeting will precede this program. The presentation will take place at the Macomber Community House, Main Road, Westport. The public is cordially invited to attend. There will be a 1.00 admission charge for those who are not members.

SAILORS' VALENTINE SHOW OPENS AT HERITAGE

The first of four mini-exhibits "Sailors' Valentines" which presents 45 works of shell art by Bernard A. Woodman of Marstons Mills opened on Sunday, May 15, in the Old Barn Gallery at Heritage Plantation of Sandwich. The show which runs through Sunday, June 26, will be open to the public from 10 a.m. to 5 p.m. daily throughout the season.

Sailors' Valentines are glass covered shadow boxes, always octagonal in shape, which contain many tiny sea shells glued into geometrical and floral patterns. Contrary to myths, these folk art pieces were not made by sailors in order to pass the time on long voyages. Purchased by sailors from enterprising residents of the Barbados Islands, these gift shop items ended up in the hands of the fairer sex all over the world and thus the name "Sailors' Valentines" was born.

At an early age Mr. Woodman became fascinated with a Sailors' Valentine which belonged to his mother. He vowed that one day he would make one of his own.

when the disease caused severe joint limitations and 100% fusion of his spine. Stints with various occupations including draftsman, machinist, instrument maker, toolmaker and professional scale model maker had left him dissatisfied. Obviously skilled with his hands, he decided to turn his talents toward the realization of his old childhood dream -- the making and researching of Sailors' Valentines.

After producing four Valentines at a beginner's snail's pace, Mr. Woodman showed his work to the late Ralph Cahoon, a Cape Cod artist famous for his painting of whimsical, nautical fantasies. Mr. Cahoon purchased one of the Valentines and then proceeded to assist and encourage Mr. Woodman; collaborating with him on numerous works combining painting with shell work borders.

A self-taught design/craftsman, Mr. Woodman had developed many original manufacturing techniques. He produces his own shadow boxes. Unlike many other Valentine makers he never colors or shellacs his shells and no two of his Valentines are alike.

He has created over 200 in the past six years.

In addition to working with Mr. Cahoon, Mr. Woodman has incorporated the scrimshaw of Christina McLean, Scrimshanders, Mattapoisett; and the art of Richard and Barbara Sparre and Martha Cahoon of Cotuit into his Valentines.

About 32 of the Valentines are for sale, while 13 pieces of Mr. Woodman's work are on loan from private collectors. Please see prices and procedures in the gallery or the Museum Store.

Membership as well as admission tickets to the Plantation for the day will be honored for the mini-exhibit and will include admission to all of the museum buildings, exhibitions and grounds. Tickets are 4.00 for adults; children under 12, 1.50; five and under, free.

Blood Pressure Month

Mr. John A. Kelenosy, Assistant Administrator at Tobey Hospital, in recognition of the month of May as High Blood Pressure Month, stated, "Local organizations and groups who work for high blood pressure control have a right to be proud of what they are doing because they are greatly increasing knowledge and awareness of the seriousness of hypertension and are helping to decrease the number of deaths due to hypertension-related diseases."

Tobey Hospital, constantly aware and treating the effects of hypertension, joins all small and rural hospitals with the theme "High Blood Pressure isn't mild anymore," and calls attention to the following:

often called "mild". Yet pressure in this range, if untreated, can still result in the complications associated with high blood pressure: heart disease, kidney disease, and stroke. In fact, the risk of many heart problems and early death for people with so-called mild high blood pressure is more than twice that for those with readings below 59 mm Hg.

Fortunately, however, recent studies show that treatment can make a big difference in reducing early death and illness for people in this group. It can also prevent pressures in this range from going to even higher levels where a patient's chances of developing serious complications are even greater. One study, The National Heart, Lung, and Blood Institute's Hypertension Detection and Follow-Up Program (HDFP), recently reported specifically on the effect of treatment on stroke. "Mild" high blood pressure patients treated systematically in special HDFP centers had 31.8 percent fewer fatal and nonfatal strokes than others in the program who received routine care in their communities. Other studies, such as the Australian National Blood Pressure Study and the U.S. Public Health Service Study of Mild Hypertension, also show major benefits for treating levels characterized as "mild".

For additional information on mild high blood pressure write: High Blood Pressure Information Center, 120/80 National Institues of Health, Bethesda, MD. 20205.

TINY TOT SWIM LESSONS

The New Bedford YMCA Aquatic Department has set May 16-21 as registration for the next session of Tiny Tot Swim Lessons. Classes will start May 24th and meet twice a week for 5 weeks. Both morning and early evening class times are offered.

Parent and Tot sessions are for children between the ages of one month and three years. The class will help the child become accustomed to the water and its buoyancy, and learn basic water skills.

Children between the ages of 3 and 5 years participate in Instructor and Tot sessions. These classes teach the child how to breathe, a modified crawl stroke, jumping, diving, and floating.

At the final class, the parents will be offered basic non-swimmer pool safety skills. Early registration is advised since there is a limit to the class size.

For more information on these and other aquatic programs call the New Bedford YMCA at 997-0734.
